

# Flute Asylum Insurance Waiver

If you have insurance and do not want Flute Asylum to insure with the shipper when your flute is returned, please include this document in the case, or send it via post (hard copy). Be sure to check with your insurance company that the instrument will be insured if it is shipped from our repair shop (not just the initial shipment from your location).

If you do not include this waiver document, we will insure the instrument with the appropriate shipper, which is sometimes expensive.

**BE SURE TO SPECIFY “SIGNATURE REQUIRED”**
